

Utah Medical Cannabis Program Monthly Report
November 6, 2020

On November 6, 2018, Utah voters approved Proposition 2, which legalized the use of medical cannabis in Utah for qualifying patients. Since its passage, the Utah Medical Cannabis Act (UMCA) has been amended multiple times by the Utah State Legislature. The UMCA designates the Utah Department of Health as the state agency responsible for licensing and oversight of medical cannabis pharmacies, registration of medical providers, and issuance of medical cannabis cards to qualifying patients. Qualifying patients first purchased medical cannabis in Utah on March 2, 2020 and this report shows growth in the program since that time.

This report presents data collected from the Department’s electronic verification system (EVS) and inventory control system (ICS) on October 31, 2020. For further information and data, please contact the Center for Medical Cannabis at medicalcannabis@utah.gov.

Patient Card Registrations and Recommendation Letters

Table 1. Patient Cardholders and Recommendation Letter Customers

13,681	Active patient cardholders – Number of patients with an active medical cannabis card as of October 31, 2020.
5,495	Recommendation letter customers in September 2020 – Number of customers who purchased medical cannabis using a recommendation letter in October 2020.

Figure 1. Active Patient Cardholder Growth

Total active patient card growth from July 2020 to current day is shown in the graph below.

Compassionate Use Board

Table 5. Compassionate Use Board Petitions Submitted by Petition Status

The Compassionate Use Board meets monthly to review patient petitions. Petitions may be approved, denied, or considered incomplete (i.e. needing more information). The data below represents petitions received through October 31, 2020.

Status	Number of petitions reviewed, March 2020 - October 2020 (N=131)

Qualified Medical Providers

Table 7. Qualified Medical Provider Totals

528	Active Qualified Medical Providers – Number of medical providers with an active QMP registration.
116	Active Qualified Medical Providers with Cardholder Cap of 600 – Number of medical providers approved by UDOH to recommend to up to 600 active cardholders at one time (22% of all QMPs).
412	Active Qualified Medical Providers with Cardholder Cap of 275 – Number of Medical Providers limited to recommend to up to 275 active cardholders at one time (78% of all QMPs).

Table 8. Total Registered Qualified Medical Providers by County

A qualified medical provider (QMP) may list more than one office location for their practice. The table below shows the distribution of QMPs registered throughout Utah by county. This total is greater than the total of registered QMPs because a QMP may have multiple office locations.

County	Number of QMP office locations registered
Beaver	1
Box Elder	1

Table 9. Total Registered Qualified Medical Providers by American Medical Board Certification

Most QMPs are limited to recommending cannabis as a treatment to up to 275 active patient cardholders but some QMPs have qualified to recommend to up to 600 active cardholders. To qualify to recommend to up to 600 active cardholders, a QMP must be a physician certified by the appropriate American Medical Board of anesthesiology, neurology, oncology, pain, hospice and palliative care, physical medicine and rehabilitation, endocrinology, rheumatology or psychiatry OR the QMP may be employed or contracted by a business for the specific purpose of providing hospice and palliative care. The table below shows the distribution of QMPs reporting an American Medical Board Certification to receive the higher patient cap. This is a total list of MDs and DOs only. APRNs and PAs can only apply for the higher patient cap if they are employed by hospice and palliative care, which is not represented below.

American Medical Board Certification	Number of QMPs reporting American Medical Board Certification
Anesthesiology	17
Endocrinology	0
Gastroenterology	4
Hospice and Palliative Care	11
Neurology	10
Oncology	8
Pain Medicine	10
